### Supplement Notes

(100203) PATTI, JOHN C

On 6-21-11, I received information from the Manchester Fire Dept. regarding the cost of a call for service as it relates to this incident. The City of Manchester City Ordinance relating to calls for service for the Manchester Fire Dept. 92.63, states in part;

It is hereby declared to be the policy of the city that recovery of expenses incurred by the Fire Department shall be the responsibility of the persons which result in the Department's response. The persons responsible for the response shall be liable if, in the judgment of the court, the individual...recklessly or intentionally creates a situation requiring a response from the Fire Department.

The past practice standard rate for a call for service for the MFD is \$125.00 per hour, with a three hour minimum for such calls for service.

NFI.
